

Häfele press documents, interzum 2025

Inspiring, future-orientated concepts and an extensive portfolio of Häfele solutions and services – that is what to expect from the company at interzum 2025.

You will find extensive text and image material on the following topics in our press kit for interzum 2025:

Jointly developing liveable and sustainable spatial concepts for living and working environments

Häfele finds solutions for current and future room design requirements. Projects and solutions implemented by Häfele have one thing in common: they maximise the value of space. As such, the company's entire trade fair approach is based on the Häfele purpose 'Maximising the value of space. Together.' But what does that mean in concrete terms?

Häfele Lighting – The ideal symbiosis.

Häfele offers its partners a unique approach to design and planning with furniture and room lighting. After all, Häfele Lighting is the first and to date only brand to combine the application areas of "lighting in furniture" and "lighting in rooms" into an integrated and networked holistic experience. New Häfele Lighting products on show at interzum include the 24V lighting system OneCable and the new Häfele Lighting 24V High Efficiency LED strip lights.

The new Slido F-Flush57 sliding fitting

The Slido F-Flush57 with flush-mounted design is brand new and the ideal solution for optimising space utilisation in furniture with minimum space requirements. This is because the innovative technology of the sliding fitting enables a flush design. It therefore offers not only functional, but above all aesthetic benefits for a wide range of applications in kitchens, offices, bathrooms and living rooms.

The new Häfele Assedo – Electrical appliances for complete kitchens from a single source

Häfele's electrical appliances set new standards in technology and design. With their elegant black finish, they blend harmoniously into any modern kitchen and marry a timeless appearance with functionality and durability. The Häfele Assedo range comprises ovens, microwaves, hobs, refrigerators, wine coolers, dishwashers and extractor hoods.

Häfele connector expertise

To this day, Häfele is a true driver of innovation in the field of furniture connectors. Häfele's latest solutions also address key issues of the future. They take into account the careful use of materials, the conservation of scarce resources and the holistic design of rooms. Häfele will be presenting connectors for minimised material thicknesses, such as the Minifix® 12, or the universal connector UC 16/64, which is one of Häfele's latest developments.

About Häfele

Maximising the value of space. Together.

Häfele is committed to developing liveable, sustainable room concepts for the living and working environments of tomorrow. Together with its partners, Häfele creates resource-saving, multifunctional solutions with maximum comfort.

Founded in 1923, the globally active specialist for intelligent hardware technology, electronic locking systems, lighting and networking offers its customers from over 150 countries unique 360° expertise. With a comprehensive product range, numerous services and a great deal of innovative spirit, the family-owned company is a reliable partner to its partners in the trade, furniture industry, retail and architecture - from brainstorming and planning to the implementation of their projects.

Over 8,000 employees, 38 subsidiaries and numerous other agencies around the world make up the team of the global player headquartered in Nagold in the Black Forest. The Group has been managed by Gregor Riekena since January 2023. As Chairwoman of the Board of Directors, Sibylle Thierer represents the interests of the shareholder families. In the 2023 financial year, the Häfele Group achieved a turnover of 1.71 billion euros with an export share of 82%.
